Enhancement Overview

- Additions to the Dashboard for DSCSA Compliance Analytics

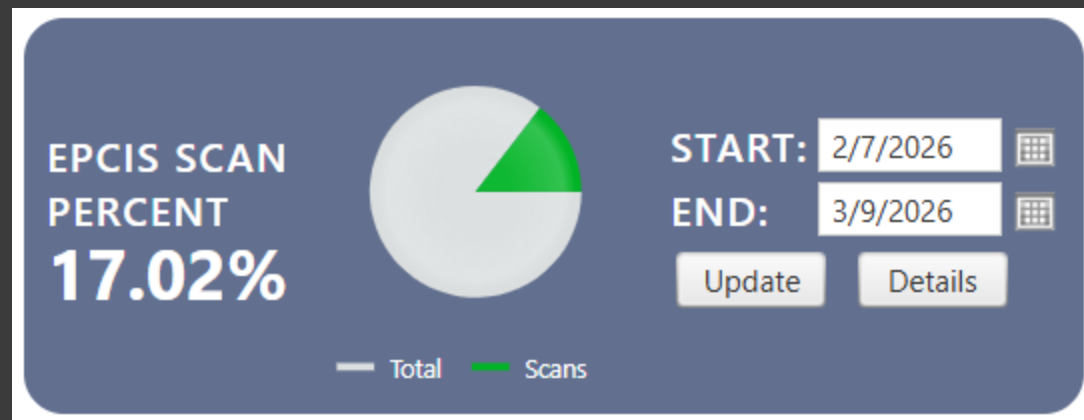

Quarantine Resolution

- Displays turnaround time for Quarantined products in the past 30 days

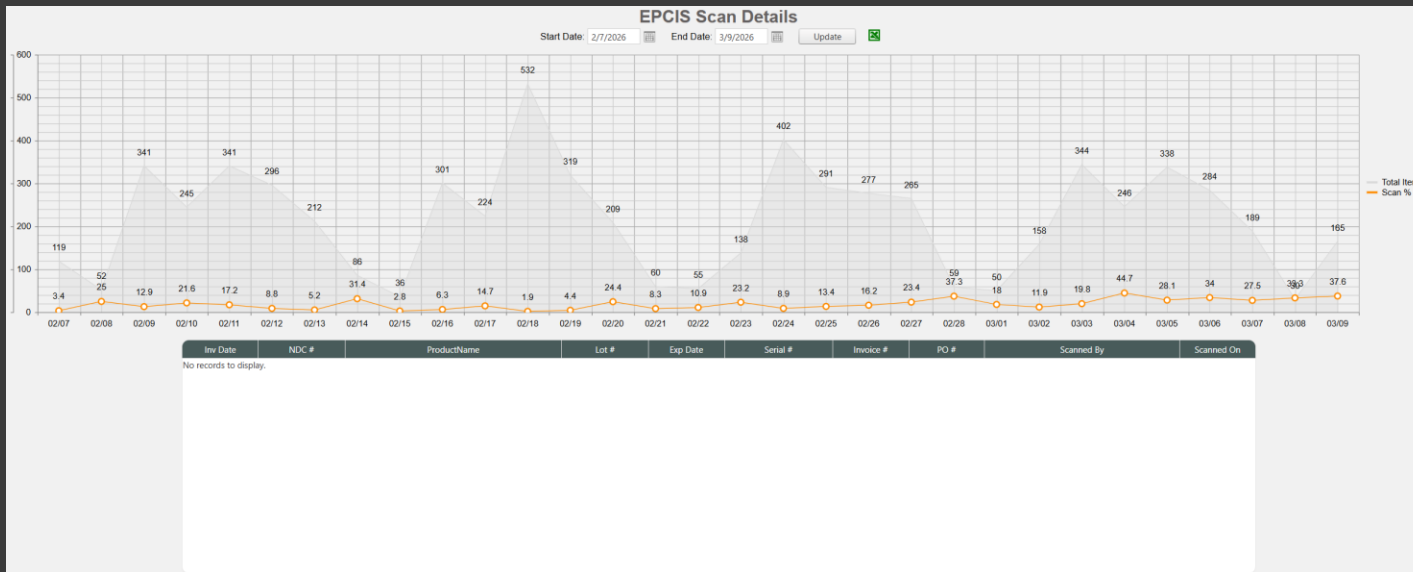

EPCIS Scan Percentage

- Displays a percentage of products scanned compared to the total received via EPCIS
- Defaults to 30 Days but users have option to specify dates

EPCIS Scan Percentage Detail

- Clicking “Detail” will open a new page to show you a graph of detailed information for your selected date range

Expired Vendor Licenses

- Users can optionally choose to save vendor licenses in Cervey and input start and expiration dates for those licenses. If utilized, Cervey will display a count of licenses that have expired.

Managing Vendor Licenses

- Clicking on the Expired License widget opens a page where users can manage the licenses.
- Users can select a Business Partner and input a start and end date for their license.
